SANCT. PATRI AC DOMINO

PONT. OPT. MAX.

Artes, quibus publica felicitas curatur, ita in B. V. suspexit Apostolicus Senatus, ut tantarum virtutum admiratione imbutus ei totius generis humani tutelam credendam esse censuerit. Nunc autem ex hoc libello discere potest Europa, quibus studiis otium oblectare sacri Antistites debeant. Mirabuntur sapientes ex ingenio, quod assidue grauissima negotia exercuerunt, carmina effluxisse vix ab otioso expectanda, & quae à nemine certè haecenus Italia habuit. Pindaricum enim spiritum latino ore tonantem, neque ab ipso Lyricorum Principe Vrbs olim potuit audire. Mihi, qui Davidis gloriam in Max. Pont. eruditione reflorescere video, curae fuit musicis numeris ea carmina modulari, quae dignas Pontificia pietate sententias complectantur, semperque aut Sanctorum triumphos persequuntur, aut humanae pandunt oracula sapientiae. Musica iam pridem impudicis, aut ludicris modis fractam tantae poeseos grauitate extollere conatus sum, ut iucunda quadam seueritate incertos desipientis vulgi plausus aspernata grauiorum Principum aures teneret, neque tam saepe ex Antistitum cubiculis exturbaretur tanquam ancilla libidinis, & obstetrix vitiorum. Quicquid profeci, haberi malo obseruantiae monumentum, quam ingenii. Id autem ego ipse in Scenam producere decreui, neque Theatri iudiciū formidabo, cum volumen hoc ad studiorū decus, & vitae felicitatem exornare mihi liceat augustissimo nomine B. V., quam religioso beatissimorum pedum osculo veneror, Deumque precor, ut quam diutissime sub tanti Pont. Imperio Christianas virtutes, & bonas artes triumphare velit. Romae. Die 5 Aprilis. 1624
